

Forms on your Administrator's App

View Consent Forms directly from the Administrator's App

Written by Sanket Haval | Last published at: July 22, 2024

The Forms section of the Administrator's App allows assigned staff members to view form submissions, including students' medical information and other details. This feature is particularly useful for tracking form submissions before a trip, managing students during the trip, issuing policy forms, and more.

1. Open your **Administrator's App**

2. Go to the **Main Side Menu**

- From an **Android Device**, tap on the 3 horizontal lines on the top left of the screen
- From an **Apple Device**, tap on the more tab on the bottom right of the screen

3. **Tap on Consent Forms**

- Here you will see forms that have been assigned upon form creation

[Staff can be added to be able to view the form in the Administrator's App from the CMS/Web Version of the system](#)

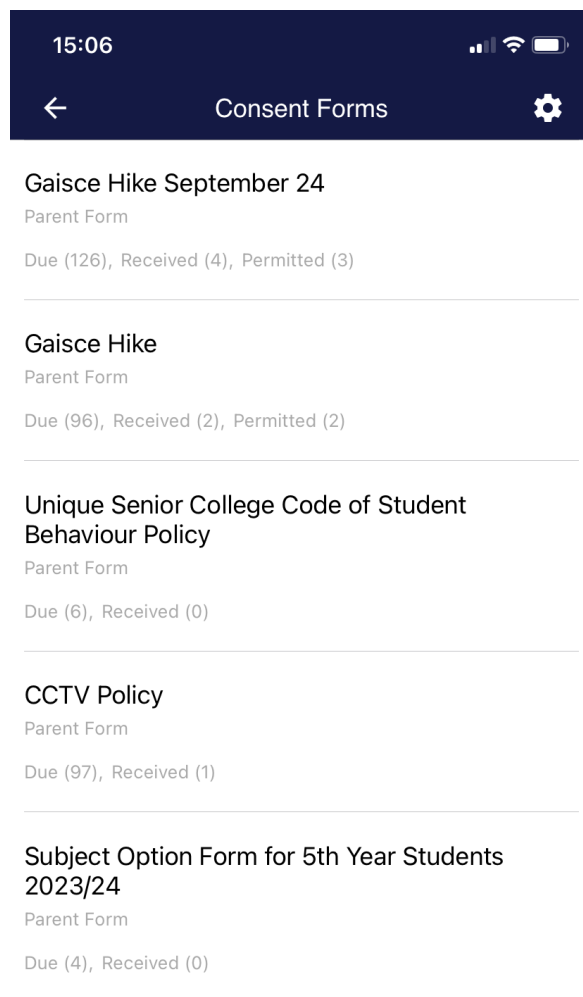

[More on Creating a Form here](#)

4. **Tap into the Form you wish to view**

5. Monitor **submissions, medical information** and other details. Explained more below.

Consent Forms Main Screen

- **View** all of your assigned forms via the screen below after tapping on **Consent Forms**
- You will see who Forms **received**, forms **not received (Due)** and those with **consent given (Permitted)**

Form Detail

- **Filter** by **Received**, **Not Received** and **All**
- **Preview** the **Form** content to see what it includes
- See the **last date of submission**
- **View** all students assigned to the form along with their **year**, **class** and **medical information** status (*first image below*)
- The Medical Information Status icon on the right of the student can be either:
 - **Green** - Submitted Medical Form **with no medical condition**
 - **Red** - Submitted Medical Form **with a medical condition**
 - **Grey** - Medical Form **not yet submitted**
- The Red (Medical Condition Submitted) Status icon can be tapped and from that, you will see exactly what condition this student has
- This makes it very easy to quickly find out the condition if something was to come up during a school trip or even on school grounds

0851234567

Family Doctor

James

0831234567

Medical Condition

1. Does your student have any medical disability or conditions?

Options: **Yes**

Diagnosis: **Asthma**

Signs/Symptoms: **Hard to breathe**

Triggers: **Anything**

Other details: **Nope**

Form Detail Continued

- When tapping on the **Not Received** tab, we can see who has not submitted the form
- We can also see whether or not the student has parental representation on the app
- The **red rectangle** to the right of the student means parent/guardian **is not an app user**
- The **green rectangle** to the right of the student means the parent guardian **is an app user**
- If we take the below image, for the first student (Adam Whitney):
 - the primary parent/guardian **is not an app user**
 - the secondary parent/guardian **is an app user**
