We want to work with you to ensure your student is present and engaged in school as much as possible. If there are challenges making attendance difficult, please contact the Year Head so we can discuss possible supports.

This message is to notify you that your student has now been absent from school for 15 days this school year. This level of absenteeism can be a concern, as it can affect both academic achievement and school engagement. Please ensure that all absences are explained through the school app.

We ask that you contact the Year Head as soon as possible to discuss this matter. If there are ongoing issues preventing your student from attending, we want to collaborate with you to identify solutions and supports.

Please note that continued absences may require further action in line with school and national attendance policies. We appreciate your attention to this matter.

Please note that this is a standardised message sent to all Parents/Guardians once their student has been absent for 15 days. If you have already explained their absences or linked in with the school for support, we are grateful.

Regular school attendance is a legal requirement, and at this stage it is essential that we work together to address any issues affecting your student's ability to attend school consistently. Please ensure that all absences are fully explained through the school app.

We request that you contact the Year Head as a matter of urgency to discuss this situation and to explore any supports that may be required.
