

2. Uploading Videos & Sharing

Upload Once. Share Everywhere.

Written by Sam Support | Last published at: February 18, 2026

Once your Vimeo integration is complete, your school can upload and share videos directly through the Unique Schools system.

Benefits of Using the Video Feature

- Upload once and share everywhere
 - Post directly to:
 - School App
 - Website
 - Facebook (Reels & Stories)
 - Instagram (Reels & Stories)
 - X (Twitter)
 - No need to upload separately across platforms
 - Keep all school video content organised in one place
 - Full control over titles, descriptions, and folders
 - Saves time and ensures consistency across channels
-

Posting from the Desktop Dashboard

Step 1: Log In

- Go to **uniqueschoolapp.ie** and log in.
-

Step 2: Go to Video

- Under **Media**, click **Video**.

Note:

If the Video tab is blurred or unavailable, [please click here complete the Vimeo integration first](#).

Step 3: Upload a New Video

- Click **Upload Video**.

- Select your video file
- Add a **Title**
- Add a **Description**

Important:

The Title and Description will be shared to the School App, Website, and Social Media.

Always review carefully before uploading.

Step 4: Select or Create a Folder

- Choose an existing folder or create a new one.
 - Organising videos into folders makes it easier to:
 - Track content
 - Find videos later
 - Keep events, departments, or years separated
-

Step 5: Share the Video

- Once uploaded:
 - Select the video
 - Click **Share Video** (right side of screen)
- You can now share directly to:
 - School App
 - Facebook (Reel & Story)
 - Instagram (Reel & Story)
 - X (Twitter)
- If a video exceeds platform limits (e.g., length restrictions), the system will notify you at this stage.
- Click **Share** to publish.

Share Video on Social Media

Videos title and description will be used as post description.
