

Add/Edit Students & Staff

Access to the School App

Written by Sam Support | Last published at: February 17, 2026

All current students, parents/guardians, and staff members registered within your school system should be here for access to the app.

Each year, this list is automatically updated during the rollover process to:

- Add new incoming students
- Remove students who have left
- Update year and class groupings

The rollover process varies depending on your school's Attendance System.

If a new student or staff member joins during the school year, you can manually add them using the steps below.

Before Adding a User

Always check first to ensure the user has not already been added.

To search for an existing record:

- Apply at least one filter
- Tap **Search**

If searching for a staff member, change **User Type** to **Teacher**.

Important:

The **Student ID must match your school's official ID format** (e.g., PPOD ID or VSware ID).

If you are unsure which ID to use, please contact:

staffsupport@uniqueschools.ie

Adding a New Student or Staff Member

1. Go to **uniqueschoolapp.ie** and log in
 2. Under **Administration**, select **Add & Edit Students/Staff**
 3. Click **Add**
 4. Select the **Type of Record** (Student or Teacher)
 5. Enter the required information
 6. Click **Submit**
-
-

Mandatory Fields for Students

When adding a student, the following fields are required:

- User Type (Student/Staff)
- Student First Name
- Student Last Name
- Student ID (PPOD / VSware ID)
- Year
- Class
- Parent/Guardian First & Last Name
- Parent/Guardian Mobile Number
- Drop the leading zero (e.g. use **87** instead of **087**)
- Parent/Guardian Country Code

If possible, enter **both Parent/Guardian details**.

Note:

The **Username field is not mandatory**, but it can assist users accessing systems such as VSware.

Editing an Existing Student/Staff

1. Go to your **Dashboard**
 2. Under **Administration**, select **Add & Edit Students/Staff**
 3. Use the filters to locate the record
 4. Click the **Edit** icon
 5. Update the information
 6. Click **Submit**
-
-

Deleting a Student or Staff Member

1. Go to your **Dashboard**
2. Select **School Administration**
3. Click **Manage MIS List**
4. Use the filters to find the record
5. Tick the box beside the user
6. Click **Delete**
7. Click **OK** to confirm
