

# PTL Setting - Popup Message

Setup and manage the popup message for Permission To Leave notes

Written by Sanket Haval | Last published at: July 24, 2024

A Popup message can be set for parents/guardians who attempt to submit a Permission To Leave note after a certain time. Some schools like this popup to appear after 8:30am to deter any notes coming in after the school day has begun.

1. Go to your **Dashboard**
2. **Click** on **PTL Setting** on the left side menu
3. On the dropdown menu, select **Manage PTL Setting**
4. **Enter** the **From Time & To Time**
  - The popup message will appear when a user attempts to submit a Permission to Leave note between these times
5. **Enter** the **Message** you would like to display (See suggested message in green box below)
6. **Click** on **Submit**

If you're unable to see the PTL Setting tab on your menu, please reach out to us.

A Permission To Leave must be submitted before 08:30am to allow the year head to approve this request and update the attendance system. As you are now submitting a Permission To Leave note after this time you will need to call the office OR arrive to the school in person to collect your student at the requested time.

Many Thanks,
