

Manage Absent Notes & Requests

Viewing, Reviewing & Actioning Student Absences

Written by Sam Support | Last published at: February 19, 2026

The **Attendance Overview** page provides a simple and efficient way to manage student absences.

From here, you can:

- Review **Absent Notes** submitted by parents
- Monitor cumulative, consecutive and outstanding absences when a student is marked absent in the AM/PM roll call
- Take appropriate action to ensure attendance records are accurate and up to date

Importantly, **Unique Schools manages the syncing and input of approved absent notes back to your attendance system (e.g. VSware/Tyro)**, ensuring consistency between the app and your official records.

This centralised view helps staff quickly identify unexplained absences, follow up where necessary, and maintain clear communication with parents — all while keeping your attendance system aligned with parent-submitted information.

Important Note:

Accurate roll calls by staff are essential to ensure correct absence records. Parents are notified of absences based on the AM/PM roll calls, so any errors can lead to parents receiving incorrect information. While occasional mistakes may happen, efforts should be made to minimise them as much as possible.

Additionally, parents have the option to select [Please Check](#) if they believe their child is in school.

View and Manage Absences

Accessing Attendance Overview:

- Navigate to Absences from the Attendance Overview on the Main Dashboard.
- By default, it will display today's attendance for all students.
- To view attendance for a different date range, use the date filter at the top of the page.

Viewing Assigned Student Data:

- Depending on your role, you will see specific student groups:
 - **Year Heads:** Only assigned year groups (e.g., First Year Head sees First Year data).
 - **Principal, Deputy Principal, Attendance Officer, or Office Staff:** Access to all student data.

Absent Overview:

- Absences are displayed with a **Status**:
 - **Green (Submitted):** Explained absences submitted by parents.
 - **Red (Requested):** Unexplained absences where a request was sent but not yet completed by the parent.
- You can use the **Status** filter and date range to view outstanding unexplained absences for a specific time period. By default, it shows today's data.

Information Displayed

For each absence, the following details are available:

- **Student Name:** Clickable to open the Student Profile page for more detailed information.
- **Year & Class:** The student's current year and class group.
- **From & To Dates:** The dates associated with the absence.
- **Reason:** The parent-submitted reason for the absence. Hover over the information ("i") icon to view additional details if provided.
- **Status:**
 - **Green (Submitted):** Explained absences submitted by parents.
 - **Red (Requested):** Unexplained absences where a request was sent but not yet completed by the parent.
- **Cumulative Days:** Total Absence days since the start of the year as per your attendance system.
- **Consecutive Days:** Consecutive absences as per the most recent absence.
- **Send PN Icon:**
 - Click this icon to send a templated **Personal Notification (PN)** to parents.
 - Learn more about Templated Personal Notifications [here](#).
- **View Icon:**
 - Use this to view the absence note in a separate, detailed format.

Summary

The **Absent** section in the Attendance Overview is designed to simplify attendance management by allowing staff to:

- View all submitted or requested absences for a specific date range.
- Identify and follow up on unexplained absences if necessary.
- Track cumulative and consecutive absences quickly.

This streamlined approach ensures that attendance records are accurate and up-to-date, improving internal management of absences.
