

Refunding a Payment

How to process a refund on your Shop Dashboard

Written by Sanket Haval | Last published at: March 18, 2026

Processing a refund to a user who has made a payment through the App is straightforward. You can process a full or partial refund of the item paid. Once processed the user will receive a refund within 5-7 working days on the card with which they made the payment from.

By refunding the full amount, the parent/guardian will receive the full amount back, not being charged for the Stripe fee.

To process a refund please follow the steps below:

Go to your **Dashboard** > **Payments** then select **Orders**

Apply filters to find the order to be refunded

Tap on the **eye icon**

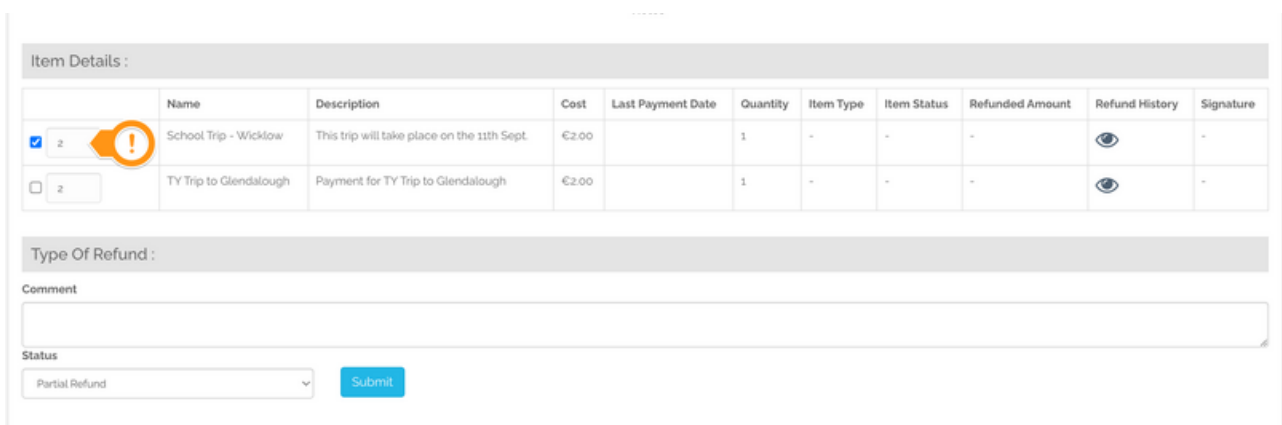

Select **Type of Refund**

Enter Comment *(only visible to staff)*

Tap **Submit**

Tap **OK** to confirm

If selecting Partial Refund ensure to select only payment that is due a refund and enter the correct amount to be refunded in the box.
