

Export your Transaction History

How to export your Transaction History for the end-of-the-month reconciliation

Written by Sanket Haval | Last published at: July 16, 2024

Managing your end-of-the-month reconciliation should be covered in an online Zoom Training. If you need to book a session please use this link to find the best date and time that suits you.

To export your Transaction History please follow the steps below:

Go to your **Dashboard** and tap on **Shop** then in the dropdown select **Transaction History**

Apply filter **Lodgment Date From and To**

Hit Search

Tap on **Export**

Find Excel file in the downloads folder

Transaction History report will include items received per specific date, summary by Item Name and Summary by Account Code.
