Groups allow you to organise a specific set of students for:

- **Applying Payments**
- **Sending Forms**
- **Sending Personal Notifications**
- **Managing events such as sports teams, trips, and activities**

Groups are especially useful when students are **not grouped by year or class**, for example:

- Sports teams
- School trips
- Competitions
- Events
- Clubs

You can create a Group in two ways:

- Import via CSV (recommended for large groups)
- Create manually

If your groups already exist in your Attendance System (VShare/Tyro), you can export them and import directly into Unique Schools to save time.

Importing a Group via CSV File (Recommended)

Step 1: Log In

- Go to **uniqueschoolapp.ie** and log in.

Step 2: Go to Groups

- Under **Administration**, click **Groups**
- Download the **Sample File** to see the required format

When exporting from VShare or Tyro, ensure the file matches the sample structure.

Step 3: Upload the File

- Click **Browse**
- Select your CSV file

Step 4: Enter Group Name

- Enter a clear, descriptive name (e.g. U16 Soccer Team, 6th Year Trip 2026)

Step 5: Click Import

The system will:

- Notify you if any students are not found
- Prompt you to review any issues

Step 6: Click Submit

- Your group is now created.

If you experience any issues, please contact:

Manually Creating a Group

Step 1: Log In

- Go to uniqueschoolapp.ie

Step 2: Go to Groups

- Under **Administration**, click **Groups**

Step 3: Click Add

Step 4: Enter Group Name

- Choose a clear name that identifies the group.

Step 5: Use Filters (Optional)

Under **Filter By**, you can:

- Filter by **Year/Class**
- Filter by **Family Type** (e.g. siblings)

Click **Apply Filter** after selecting your criteria.

You can also use the **Search** box to find individual students.

Step 6: Select Students

- Tick students individually
- Or use **Select All**

Step 7: Click Add Selected

- This moves the students into the **Final List**.

Step 8: Review

- Check the Final List to ensure it is correct.

Step 9: Click Submit

- Your group is now saved.

Where Else Can Groups Be Used?

Groups can also be created within:

- [School Shop](#)
- [Forms](#)

This allows you to apply payments or forms directly to a predefined group without recreating it each time.
