

1. Download & register your School App

2. Assign Swipe Card to yourself

1. Download & register your School App

Verification Code - a code will be sent by SMS to your parent's/guardian's mobile phone during registration. You will need this code to complete registration so it is best to have your parent beside you when registering. Unique Schools never request or use a student's personal mobile number.

Verification Email - students need to provide an email address during registration. A verification email will be sent to this address so you must have full access to this email account to access and verify the link in the email to complete registration. You can use your personal email/gmail account. Do not use your **school email** if you do not have full access as you not be able to verify the link and complete registration.

1 Go to App Store  or Google Play ; search for your school name; select the correct App and download

2 Open App

3 Allow Notifications - if you do not do this you will not receive alerts from the school

4 REGISTER - do not try to log in with Teams, VSware or Google

5 Review Terms & Conditions - accept to continue registration; decline to cancel registration

6 Confirm 'I am a Student'

I am a ...

- ☐ Student
- ☐ Parent/Guardian
- ☐ Teacher/Staff
- ☐ Parent/Guardian & Teacher/Staff

7 Enter your parent's/guardian's mobile number (check country code is correct)

Student

Enter your parent's mobile no. which they have provided to school for communication. We will send a verification code (OTP) on their mobile number via SMS.

Country Code 353 Parent's Mobile No.

8 Enter OTP code that is sent to your parent's/guardian's phone via text

Student

353 1231234

Get OTP from your parent and enter here

Enter OTP here

2. Assign your swipe card to yourself

If your school is using Swipe Card/Fob to sign in on Late Arrival or Canteen then your school administrator will give you a Swipe Card/Keyring Fob. You need to assign this QR number to your profile. This can be done through the App Home Screen.

1 Tap on Manage swipe card

Sign In/Sign Out
