

Creating Fixtures

Schedule matches, Assign teams, and Manage attendance

Written by Sam Support | Last published at: February 16, 2026

Fixtures allow you to schedule matches and competitions for your teams. Creating a fixture lets you:

- Set the date, time, and venue
- Assign the competing team
- Define the type of competition (e.g. Friendly, League, Cup)
- Select your team sheet (optional)
- Track attendance
- Communicate changes or updates to parents and students

Fixtures sit within a team, so make sure you have already created your **Sport** and **Team** before continuing.

Step-by-Step: Creating a Fixture

1. Log In

- Go to uniqueschoolapp.ie and log in if you're not already signed in.
 - If you are already logged in, skip to Step 2.2
-

2. Open Team Manager

From the main dashboard:

2.1. Go to **Team Manager**

2.2. Click **Fixtures** from the left-hand side menu

Note: By default, it will show your fixtures only. Uncheck **Show my fixtures** to see all.

5. Team Selection (Optional)

Selecting a team sheet is optional.

Some schools prefer not to make this information public to parents. If you have **Team Sheet visibility turned off** in Settings, parents will not see this even if you fill it out.

You can:

- Assign your **starters**
- Assign your **substitutes**
- Make fixture-specific changes to the lineup

This is useful for internal planning, even if it is not visible to parents.
