

Upload Student List

Securely Upload Your Student Data

Written by Sanket Haval | Last published at: February 19, 2026

For data protection reasons, we do not recommend sending student data via email, as it contains sensitive information.

Instead, you can securely upload your file directly via the Upload Student List under Administration on your Dashboard. This can be used for Incoming First Years & if you have many transfer students to add at one time. If you're just adding a few students, please do so via the [Add/Edit Students & Staff](#) option.

Important Notes:

- Only **one file** can be stored at a time
 - Please include **all year groups in one single file**
 - Once uploaded, you will see a **date/time stamp** confirming successful upload
 - There is **no need to inform the Unique Schools team** — we are automatically notified
 - Processing may take up to **3 working days**
-

Before You Upload

Please ensure your file:

- Is saved in **.csv format only**
- Contains all required fields (see below)
- Includes at least **one Parent/Guardian contact per student**

If no Parent/Guardian contact is included, the student cannot be added.

Required Fields

Fields marked with * are mandatory.

Student Information:

- Student ID (PPOD – Department ID) *
- VSware Unique ID (if using VSware) *
- Student First Name *
- Student Surname *
- Student DOB
- Year *
- Class *

Mother/Guardian 1:

- First Name *
- Surname *
- Mobile *
- Country Code (if not 353) *

Father/Guardian 2:

- First Name *
- Surname *
- Mobile *
- Country Code (if not 353) *

Optional (if using VSware):

- VSware Mother's Username
- VSware Father's Username

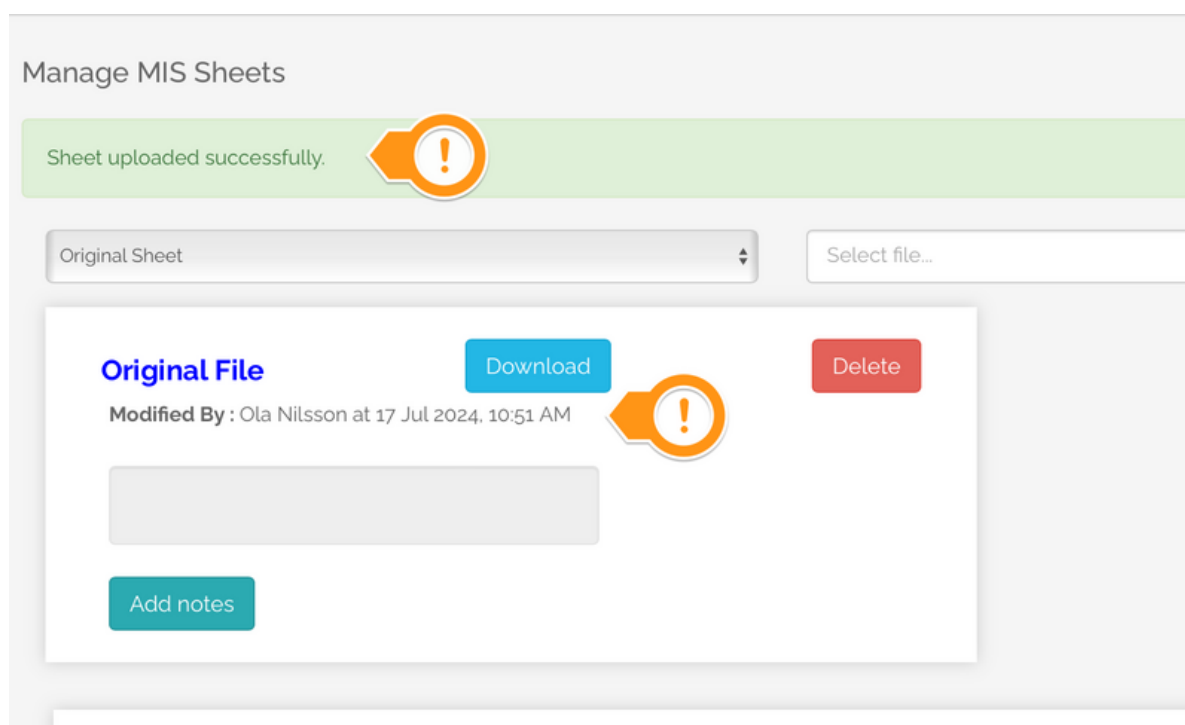

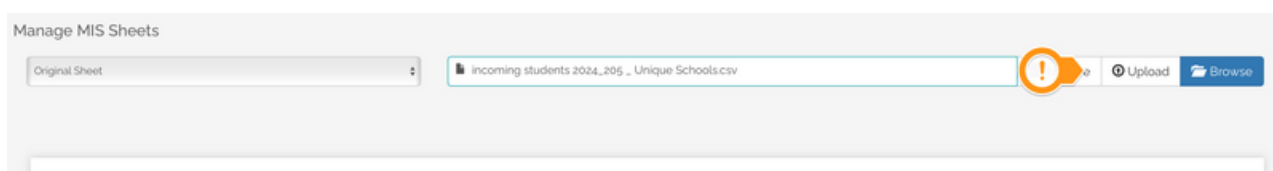

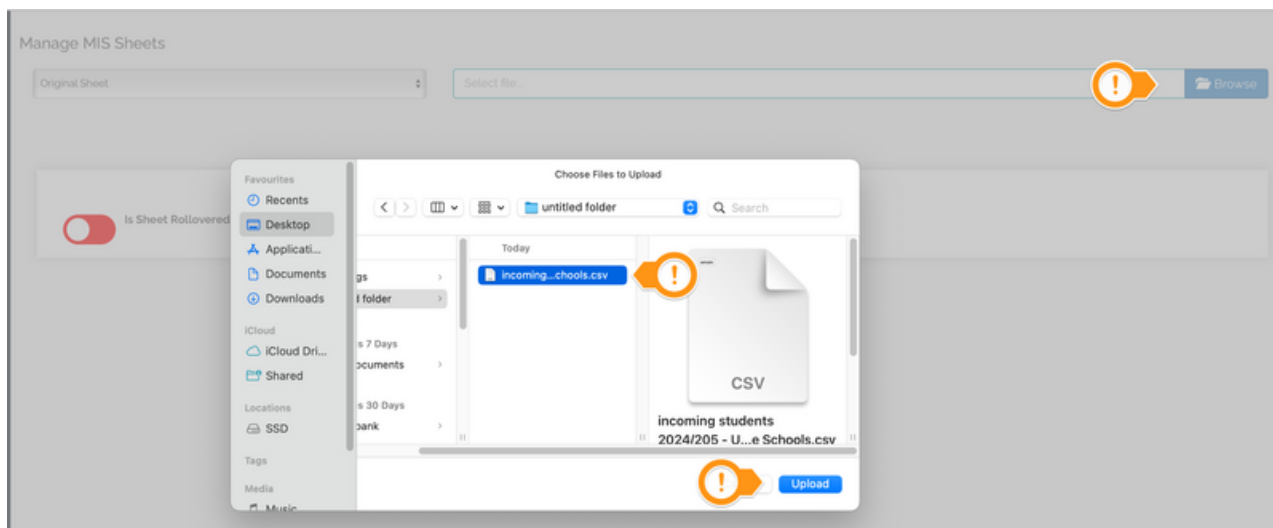

At least one Parent/Guardian contact must be provided.

If you are unsure about any of these fields, please contact staffsupport@uniqueschools.ie before uploading.

How to Upload Your CSV File

1. Log in to uniqueschoolapp.ie
2. Go to your **Dashboard**
3. Click **Upload Student List**
4. Click **Browse**
5. Select your **CSV** file from your computer
6. Click **Upload**

7. Confirm the file has uploaded successfully by checking the **date/time stamp**
