

DSI - How it Works

A quick guide on how to use the Digital Sign In/Out Device

Written by Sam Support | Last published at: August 14, 2024

The Digital Sign In/Out allows students to Sign In late or Sign Out early when a note has been submitted by the parent/guardian and approved by staff members.

When using together with Attendance Form Management it is imperative that students strictly adhere to the procedure of using DSI piece to have a more accurate data. When students Sign In or Out using the DSI device the system will trigger an alert to the parent/guardian to alert the time of arrival/departure.
