Personal Notifications (PN) Template Set Up

Both Absent and Late listings include a 'one tap' Personal Notification to be sent to the parent. This notification will include a count of the days absent or late together with a Templated Message.

Each school can write their own Templated Message for inclusion. It is important that this is done BEFORE you send any notifications.

1. Go to Personal Notification menu, drop down to 'Templates'
2. Add new template
3. Select Type: there are 4 options, one for each type of follow-up –
 - Absent PN on total absent count to date etc
 - Late PN on total late count to date etc
 - Outstanding Absent Request Forms PN on total absent notes outstanding to date etc
 - Outstanding Late Request Notes PN on total late notes outstanding to date etc
4. Enter your templated message;

eg Absent days to date this academic year

Your student has cumulated absences as noted above; daily

1) In Personal Notification Tab - select Sub Menu item - PN Templates

2) ADD New PN Template

3) Elect message type a) Absentee b) Late c) Absentee O/S d) Late O/S
