

Find student

How to use Find student feature on your Shop Dashboard

Written by Sanket Haval | Last published at: July 19, 2024

The Find Student feature allows you to see all payments assigned to a specific student and their payment status to it.

Also, a great way to discover the Order number for a payment that you need to refund.

To Find a student please follow the steps below:

Go to your **Dashboard** and tap on **School Shop** then in the dropdown select **Manage School Items**

Tap on **Find Student** (top right of screen)

Enter the **name** or **surname** of the **Student**

The results will display the student name, year, class and primary contact

This ensures you have the correct student

Click on the **Student** name

You will see all payments assigned to the student

It will display unpublished & published payments

(Optional) **Apply** any other **filter**

(Optional) **Save** as a **PDF** if you wish to share the report with the parent/guardian
