Version 7 – has arrived!

Unique Schools are delighted to announce the arrival of Version 7 of our Digital Communications, Administrations, Attendance Form Management and App solution. Our elves are always working in the background to improve the seamlessness of existing features and bring you new ones!

What's in Version 7?

In this update we focused most of our energy on improving the Attendance Form Management service which will greatly assist Year Heads and other attendance officers in managing Attendance.

NEW FEATURES

App → VSware

Direct Write Backs to your VSware

This has been a long time coming – attendance notes arriving through your Unique Schools App are directly written back to your VSware system through a new **US** API (Application Program Interface).

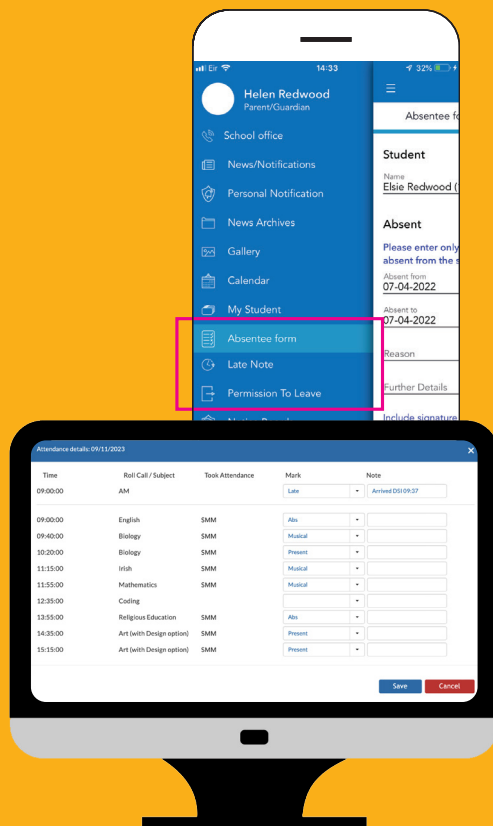

Late arrivals - Live Write Back VSware

Unique Schools have developed a LIVE write back to the AM session roll call from our digital sign in tablet.

When a student arrives late to school and signs in on the tablet the AM roll call in VSware is instantly updated to reflect the late arrival. The Unexplained Absence is changed to Late Arrival and the time of arrival is logged.

Absent Notes Through App - Direct Write Back VSware

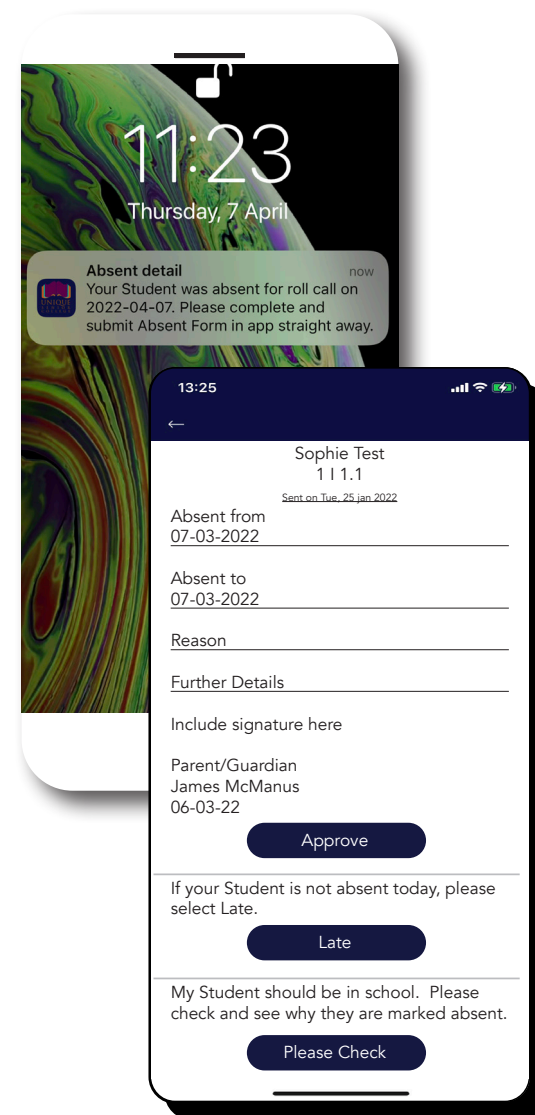

Unique Schools have developed a DIRECT write back from US App to the AM session roll call. Absence Notes received through the App are directly written back through an API.

Updated Absent Request Forms

The new ARF which is sent to parents has been updated to include a “Mark As Late” option which parents will use when they know their students will be late.

As this goes live the current late note will be discontinued.

NEW FEATURES

Administrators App

Administrators App

The new Administrators App includes a range of new features and reports.

Absentee list

- This now lists ALL students absent per the AM Roll Call (previously it only displayed Absent Notes Received)
- Displays the Cumulative Days Absent for the student since the beginning of the academic year
- One tap to send Templated Personal Notification to parents which will include the student name, cumulative days absence count and Templated Notification on attendance (NB Make sure you set up the template in the CMS see below).
- Check box for YH/Principal/DP/Office to confirm they have read any extra details submitted in the note and will action same.

The screenshot shows the 'Absentee' screen with a filter for '9 Oct 2023' and 'All'. It lists two students:

- Sophie McManus**: 21 Days since August 2023. Year: 2, Class: 2.1. Status: Submitted. Absent: 9 Oct 2023 to 9 Oct 2023. Reason: Family. Detail: Noted by: ☐ Principal, ☐ Deputy, ☐ Year Head, ☐ Office. Buttons: Call, Personal Notification, View.
- Aurelia Nilsson**: 6 Days since August 2023. Year: 6, Class: 6.1. Status: Submitted. Absent: 9 Oct 2023 to 9 Oct 2023. Reason: Illness (Sick/Medical Appointment). Detail: Noted by: ☐ Principal, ☐ Deputy, ☐ Year Head, ☐ Office. Buttons: Call, Personal Notification, View.

Late Arrivals list

- This displays a live list of students who have signed in late on the Digital Sign In
- Displays the Cumulative Days Absent for the student since the beginning of the academic year
- One tap to send Templated Personal Notification to parents which will include the student name, cumulative late count and Templated Notification on Late Arrival (NB Make sure you set up the template in the App CMS see below)
- View drill down to show all Lates including the day of the week to check if there is a pattern
- Check box for YH/Principal/DP/Office to confirm they have read any extra details submitted in the note and will action same

The screenshot shows the 'Late Arrivals' screen with a filter for '9 Oct 2023' and 'All'. It lists two students:

NEW FEATURES

Digital Sign-In App

All schools using our DSI Tablet will move from a web based interface to a dedicated DSI App.

The App provides a more robust processing environment which is far smoother for Students and admin staff.

Year Heads and senior management team can download a copy of the App onto their IOS/Android Device and process late arrivals or sign out anywhere in the building.

Visitor Registration

The new DSI app includes a simple and quick visitor registration feature. Schools will receive 20+ personalised printed Visitor Badges over the next few weeks which can be handed out to Visitors to wear while on the school premises.

NEW FEATURES

€ Unique Pay

The updates in the **Upay** system include:

1) Consent & Payment combined

When you set up a payment which requires a consent you can include the Consent Authorisation at the end of the checkout process. This way a parent cannot complete a payment without giving consent. It also removes the management of two separate pieces – a Consent Form and a Payment.

2) Passing Stripe fees to parents

If the school chooses they can now pass on the cost of the stripe fees directly to parents. The fee is shown as a transaction fee at the checkout process.

Unique Pay

3) Balance Outstanding

The system, at the press of a button, provides an instant balance outstanding report for the management and collection of outstanding fees. Checkboxes allow you to include/exclude payments as you wish. The list will display summary by item and by parent/student.

NEW FEATURES

Pop-up Notification

If a parent has not turned on Notifications for the App then a pop-up alert will be generated every two months until they are switched on.

How will V7 update impact your annual fees?

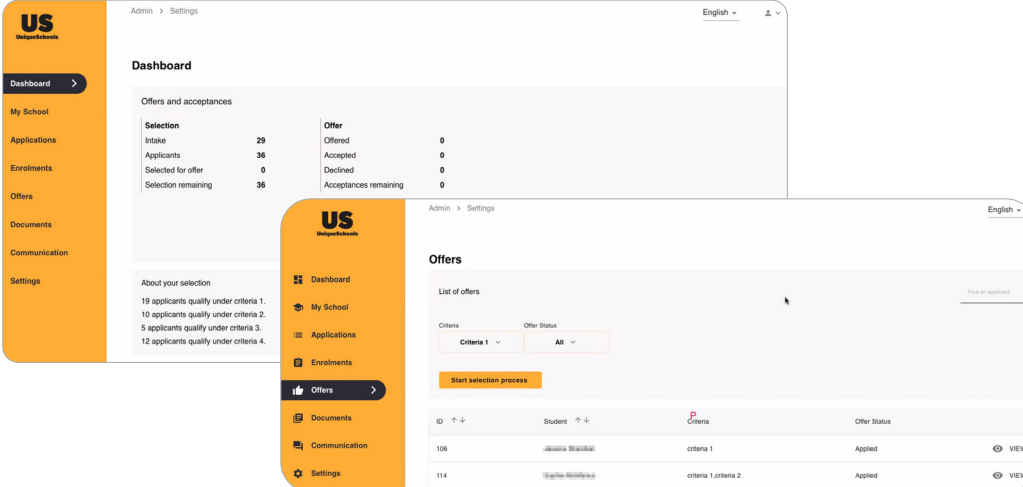

Simple – it won't! All of these updates are included at no additional cost!

Have US Elves being doing anything else?

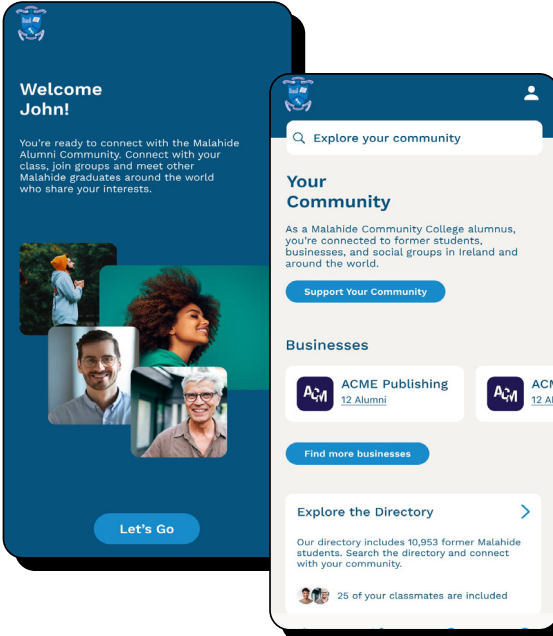

Yeah, they sure have! Either James or Hugh will reach out over the next 2-3 weeks to give you an overview of our two new systems.

USenrol

Our online enrolment solution – no more paper, reducing weeks of work to a few hours!

The image shows two screenshots of the USenrol web application. The top screenshot displays the 'Dashboard' page, which includes a sidebar menu with options like Dashboard, My School, Applications, Enrolments, Offers, Documents, Communication, and Settings. The main content area shows 'Offers and acceptances' with a table of statistics: Selection (29), Offered (0), Accepted (0), Declined (0), and Acceptances remaining (0). Below this, there's a section 'About your selection' with a list of applicants. The bottom screenshot shows the 'Offers' page, which includes a 'List of offers' table with columns for ID, Student, Criteria, and Offer Status. The table lists two offers: one for student 106 with criteria 1, and another for student 114 with criteria 1 and 2. Both offers have an 'Applied' status. There are also buttons for 'Start selection process' and 'Find an applicant'.

The image shows two screenshots of the Past Pupils App. The top screenshot is the 'Welcome John!' screen, which includes a message about connecting with the Malahide Alumni Community and a 'Let's Go' button. The bottom screenshot shows the 'Your Community' screen, which includes a search bar, a 'Support Your Community' button, a 'Businesses' section with a list of businesses (ACME Publishing, 12 Alumni), and an 'Explore the Directory' section with a button to 'Explore the Directory'.

Past Pupils App

Launching in December 2023 this App will keep your Alumni connected to each other and to the school.
