Key Features

1. News and Notifications

- **Send Quick Updates:** Easily post news and notifications with a few taps. Messages can be customised with a title, message content, and images.
- **Push Notifications:** Ensure notifications are received instantly on users' devices.
- **Scheduling & Archiving:** Schedule notifications for a future date and set auto-archive preferences to keep content organised.

2. Attendance Management

- **Absentee and Late Lists:** View all student absences and late arrivals with cumulative days listed for each student.
- **Personal Notifications:** One-tap feature to notify parents of absences or lates with templated messages, which schools can customise in advance.
- **Detailed Patterns:** Access a drill-down view of attendance to identify trends, such as frequent late arrivals on certain days.

3. Accessing Submitted Information

- **Pending Approvals:** Review and manage absentee notes, permission requests, consent forms, and other submissions directly in the app.
- **Parent Notes:** Quickly respond to and acknowledge notes from parents relevant to a student's attendance or other needs.

- **Payment Tracking:** Designated staff can monitor payments made for school items or activities.

4. Help and Support

- **Online Training:** Staff can book training sessions to learn more about app features.
 - **Support Resources:** Access FAQs, help videos, and contact support directly at staffsupport@uniqueschools.ie for any assistance.
-

For administrators looking to simplify school communications and attendance management, the Unique Schools Administrators App offers a powerful, efficient solution.
