

Hello,

Enclosed please find your IPAD which has been set up to facilitate *Digital Sign In* at your School. The tablet is set up with very limited access blocking most Apps and only allowing internet access to your digital Sign in Page. We hope these security measurements will prevent any unwanted use.

Connecting your tablet to Wi-Fi

The first thing you will be required to do is to connect your tablet to WI-FI, please follow the steps below. Please note – you need to open your bracket in order to reach the Home Button which is necessary to set up your tablet.

1. Your tablet is currently locked with **GUIDED ACCESS**. To get access to set up WIFI you need to click 3 times on the home button. You will then be asked to add a 6 digit password which is **123147**.
2. Click on the word END in the upper left corner – this will take you out of **GUIDED ACCESS**, you will however still see the safari website for Digital Sign In.
3. Click on home button once more to reach the Home Screen on your IPAD
4. On the next screen you will see SETTINGS icon  – click on it to access settings.
5. In settings Click on the Wi-Fi icon .
6. Choose your Wi-Fi Network, add your login details and connect to your WiFi.
7. Check so you have WIFI connection in upper right corner  then click on your home button to bring you back to your home screen.
8. Click on the Safari Icon  – you should now see you Digital Sign In website again.
9. Click 3 times on your Home Button – this will Start the Guided access and lock the tablet to your Digital Sign In website. If you get asked to add a passcode please use **123147**.

Using Digital Sign In

Manually Signing out a Student

The procedure followed by most schools requires the student to present themselves to the school office and request to be signed out. The office staff check the US System to ensure the correct, approved, Permission To Leave is in place. They then sign out the student. This triggers a Personal notification to the students Parents/Guardians to say the student has just left the building.

This ensures there is a procedure in place whereby students cannot leave the school premises without a member of staff checking and approving their departure and accurately recording the exact date and time of departure.

- - Go to your [Unique Dashboard \(www.uniqueschoolapp.ie\)](http://www.uniqueschoolapp.ie)
- - Go to the Reports Tab
- - Go to the Permission to Leave tab
- - Find your student either by scrolling through the page, or searching the name of the student.

By default the list will show Permission to Leave for that day and the student names are shown in alphabetical order.

- - Select the Checkbox on the left hand side of the students name.
- - Tap on Sign Out

The Permission to Leave notes are date and time sensitive. The student must leave within a 40 minute window of the appointed time. If the time is outside this the note will need to be updated.

A student does not have an approved Permission to Leave Note

In some instances the student can arrive at the office and there is no PTL from the parent. This may be an unforeseen event such as the student is unwell. In this case the office will normally call the parent to collect the students. For completeness the office should create a PTL. To update or create a new note please see below:

- - Go to your [Unique Dashboard \(www.uniqueschoolapp.ie\)](http://www.uniqueschoolapp.ie)
- - Go to the Reports Tab
- - Go to the Permission to Leave tab
- - Tap on Add
- - Select the year/ class/name of the student
- - Select the correct time the student is leaving
- - Enter further details to why you are editing or creating a new note
- - Submit
- - Select the Checkbox on the left hand side of the students name.
- - Tap on Sign Out

A Student is returning to school

If the student has left the School using the Digital Sign system and is returning on the same day you can mark the student as Sign In to notify the parent the time the student has just returned to school. To mark the student as Sign In after student is returned to school on the same day please see below:

- - Go to your [Unique Dashboard \(www.uniqueschoolapp.ie\)](http://www.uniqueschoolapp.ie)
- - Go to the Reports Tab
- - Go to the Permission to Leave tab
- - Find your student either by scrolling through the page, or searching the name of the student
- - Select the Checkbox on the left hand side of the students name.
- - Tap on Sign In

Having issues and need assistance with your tablet?

If you experience problems with you IPAD please call our office on number 018869458.

We have installed a software called SPLASHTOP SOS on your IPAD which allows us to access it remotely and in most cases any issues can be resolved this way.

To start SPLASHTOP on your IPAD you need to press the home Button it will give you a code, please provide us this code for us to access your tablet remotely. You can also contact us at staffsupport@uniqueschools.ie.

PLEASE NOTE REGARDING DIGITAL SIGN IN

We are currently doing some work on the Digital Sign in page. The new default setting will be for Students signing in on Late Arrival. We are removing the Sign Out facility. The signing out with Permission to Leave is to be manually approved by the school office. Based on feedback from

schools this gives a higher level of control over students leaving the school premises by ensuring that they present themselves at the office and are signed out by a member of staff who can see the correct, approved, Permission To Leave is in place. We are also looking at updating the System used for Visitor Sign In and Sign Out.
