

Managing Report Recipient Settings, Rules & Options

Managing year head settings is an annual house-keeping task that should be reviewed and updated as necessary at the beginning of each academic year. In particular attention should be paid to Year Heads as these are more likely to change each year.

- Using **Report Settings** you can set up **rules** for staff members to enable them to receive, via email, notes sent in by parents via the App regarding Attendance such as Absentee, Permission to Leave etc.
- An **option** can also be applied so that specified staff members receive a compiled **Daily Report** collating all of the previous days notes related to that staff member.
- Staff members can also be set up to receive **notes from parents** via the App.
- Attendance notes and Notes from Parents can also be viewed and actioned in the **Communicators App**.
- Daily report delivery times can also be amended in Report Settings, the default delivery time is 09:30 a.m.

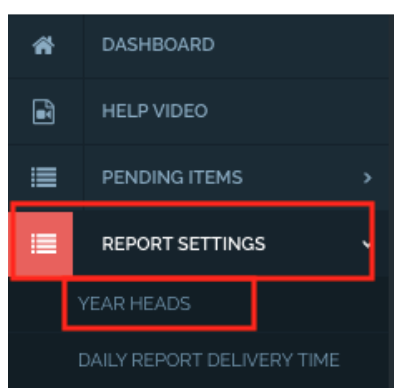

Set Daily Report Delivery Time

1. Click on Report Settings
2. Click **Daily Report Delivery Time**
3. Enter preferred deliver time
4. Click submit
