

How To: Use Communicators App

The Communicators App gives you the ability to quickly and easily post news/notifications to your app in just a few simple clicks.

Send News/Notification with Communicators App

- 1 Open the Communicators App and it will bring you to the notifications feed.

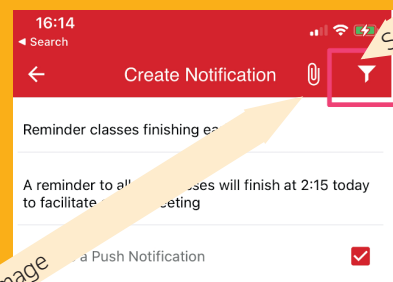

In order to add a new notification/news, select the plus button on the bottom right.

Click to add notification

2 Input content

- **Title** – include title/heading on your notification
- **Message** – input message content
- **Send as a push notification** – this is auto-ticked to ensure the user gets a notification/beep on their device to alert them to the notification
- **Select target audience** – click filter button (top right) to select User Type (parent/student/staff) and the year/class
- **Include Image** – click paper clip icon (top right) to open Cloud Cam

Select target audience

Include image

3 Cloud Cam

- Either:

Take new photo or select image from your phone and sync to Gallery to use in Notification

Or:

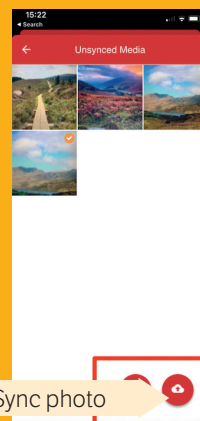

Select image from Gallery to include in Notification

How To: Use Communicators App

- **Permission to leave early** - Staff will be able to access the permission to leave notes which have been submitted via the app for their year/class group. These can also be approved from here
- **Late note** – Staff will be able to access the absentee notes which have been submitted via the app for their year/class group
- **Note from Parent** – Staff can read and respond to parent note directly. Staff will only see notes which are relevant to them and can chose to acknowledge the message has been read or ack & reply and sent a message to the parent
- **Consent forms** - Staff can quickly and easily see who has returned a consent form and who is still outstanding.
- **Shop** - Staff can quickly and easily see who has paid for an item (Please note only designated staff will see the information)
- **Picture Permission** – Staff can see the list of students who have not granted permission for photos to be taken/used
- **Online zoom training** – Staff can book a training session with a member of the Unique support team.
- **Help and Support** – This will bring you through our Help videos, FAQ's terms and conditions and privacy policy.
