

To save your email and password for the tablet

You will need to **Exit Surelock** first

Tap on the white screen 5 times in a row.

It will ask for the password please enter **UniqueB5!**

Then **Exit Surelock**

Go to **settings** then **Lock Screen** and select a **screen lock type** (a pin code **1234**)

Go back to the **settings** menu and tap on **Google** then **AutoFill**

Tap on **AutoFill with Google** then **Passwords**

In there you should see the **uniqueschoolapp** website. If it's not showing, please go out of the settings and into SureFOX and try to login when asked to save your details say YES.

When tapping on the **uniqueschoolapp** website you will be able to edit your email and password you wish to save, and save more than one if you need.

Once you have set up the AutoFill details please remove the password to lock your tablet.

Go to **settings/ Lock screen** and select **NONE**

Go out of the settings and find **SureLOCK**

Tap **OK Got it**, then Select **Surelock** and **Always**

Tap **OK Got it**, then Select **Surelock**

You should be all sorted!!!
