How to create a new Category under your main Dashboard

Written by Sanket Haval | Last published at: August 07, 2025

Having your Categories up to date will allow parents to, this will allow parents to filter dates that are relevant to them. We strongly recommend adding Categories to any event created.

Add a Category

Go to your **Dashboard** and under **Calendar** click on **Categories**

Tap on **Add** on the top right of the screen

Enter the **name** of the Category you wish to add

Select a **colour** that will be associated with the Category

Submit
