It mentions that photos/videos of students and their names may be published on the school website, app, social media, or in brochures, yearbooks, newsletters, and newspapers. A paragraph follows, stating that consent is requested from each parent and that parents can have their child's photograph removed from the school website, brochure, yearbooks, newsletters, etc. at any time by requesting a written request to the school principal or by revoking permission in the app. At the bottom, there is a 'Confirmation:' section with two radio buttons: 'I consent' (which is selected) and 'I do not consent'.
